Specified Care is a straightforward, easy-to-use plan designed to help customers with out-of-pocket costs associated with unexpected critical medical events. Specified Care plans offer coverage for many first-ever critical medical events, and subsequent diagnoses of the same critical condition. Including conditions such as amputation, cancer, heart attack<sup>1</sup>, major organ transplant, stroke, and more.

## Highlights

- Episodic deductible: capturing the previous 90 days of covered medical expenses and the following 270 days. So there's no danger of the deductible resetting until the episodic timeframe has expired.
- Plan pays in addition to any other coverage customers may have.
- Plans in select states<sup>2</sup> have access to a prescription discount card, which includes oral chemotherapy.
- Shares the same network coverage as their fixed-benefit plan, as long as they maintain their fixed-benefit plan.

## Plan features

- Four deductible plans to choose from: \$30,000, \$60,000, \$75,000, or \$100,000.
- Multiple payouts until episode maximum is reached. Multiple first-time episodes until plan maximum is reached.
- Year-round, this plan is to be sold alongside our fixed-benefit plans.

## Eligibility

- Must be paired with a fixed-benefit plan to be purchased.
- Eligible for ages 0 through 64 years and child only plans available.
- Pre-existing conditions limitations apply.
- [Availability varies by state.](#)
